COMPANY OVERVIEW

Task Force Security is a California-licensed, bonded, and insured private security company delivering customized security solutions for government, commercial, industrial, residential, construction, entertainment, nonprofit, and private-sector clients. We support short-term assignments, long-term contracts, emergency staffing, and large-scale deployments with professional personnel, responsive management, and 24/7 operational support.

CORE COMPETENCIES

- **Armed and unarmed security officers**
- Mobile patrol and marked vehicle patrol
- Construction site and infrastructure security
- Warehouse, logistics, truck yard, and gate security
- Commercial, corporate, retail, and residential security
- Executive and high-profile protection
- Special event, film, television, and production security
- Fire watch and emergency temporary staffing
- Access control, visitor management, and incident reporting
- Security consulting, site assessments, and post-order development

KEY DIFFERENTIATORS

- **California statewide coverage** with rapid deployment capability
- Licensed PPO, bonded, insured, and compliance-focused
- 24/7 operations support and active field supervision
- Uniformed, trained, screened, and accountable personnel
- Flexible staffing for scheduled, emergency, and surge needs
- Government and private-sector procurement readiness
- Customized security plans built around site risk, schedule, and budget
- Partnership-ready for prime, subcontract, and multi-site opportunities

OPERATING APPROACH

ASSESS	Review site conditions, schedule, access points, risks, client expectations, and reporting requirements.
PLAN	Develop staffing, post orders, escalation contacts, patrol routes, communications, and contingency procedures.
DEPLOY	Assign qualified personnel, conduct briefing and orientation, and activate management oversight.
MONITOR	Supervise performance, verify attendance, document activity, respond to incidents, and communicate with the client.

PARTNERSHIP & SUBCONTRACTING VALUE

Strategic Partnership Capacity. Task Force Security is prepared to support prime contractors, national security providers, government agencies, and private organizations as a direct contractor, subcontractor, or regional operating partner. We can assist with California staffing, emergency response, overflow assignments, multi-site coverage, and specialized protective needs while maintaining clear communication, client confidentiality, contract compliance, and dependable service delivery.
